

# FIREPLACE INSERT BEF THERM 7

## IN ACCORDANCE WITH EN 13 229

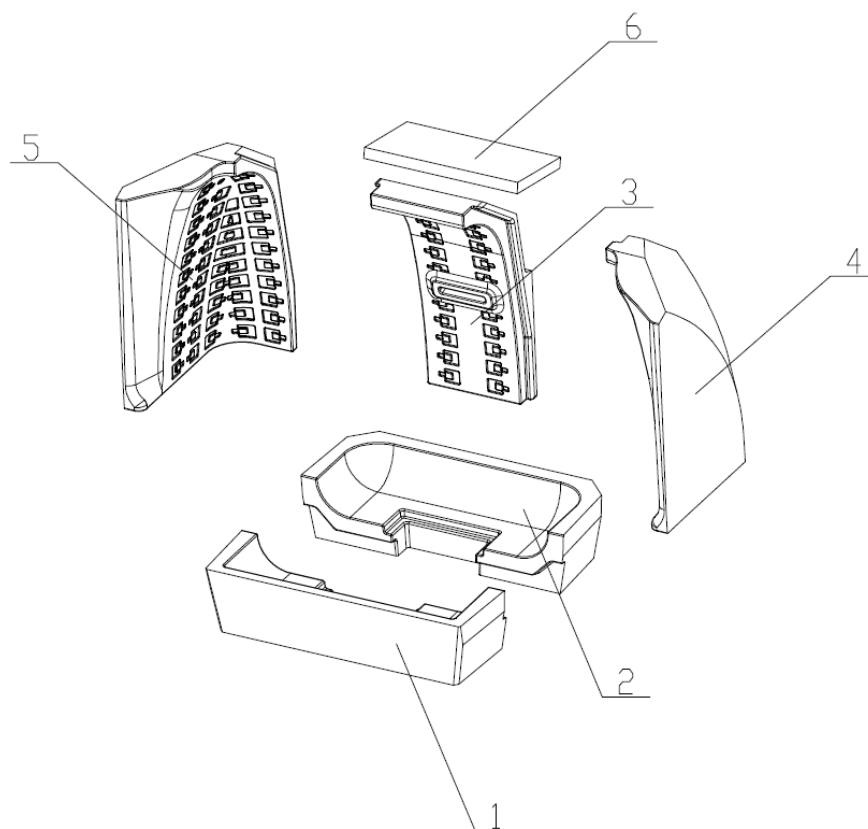

# **FIREPLACE INSERT BEF THERM 7**

## **IN ACCORDANCE WITH EN 13 229**

### **Technical data:**

|                                                             |                   |        |
|-------------------------------------------------------------|-------------------|--------|
| Nominal heat output                                         | kW                | 7,4    |
| Efficiency                                                  | %                 | 82     |
| Volume flow of combustion products                          | g/s               | 5,6    |
| Flue-gas temperature                                        | °C                | 264    |
| Min. feed pressure at nominal heat output                   | Pa                | 12     |
| Fuel                                                        | wood (beech logs) |        |
| Fuel consumption per hour                                   | kg/h              | 2      |
| CO emission in burnt gas (in relation to 13% O2) %          |                   | 0,0868 |
| Dust in flue-gas (in relation to 13% O2) mg/Nm <sup>3</sup> |                   | 19     |
| Smoke flue diameter                                         | mm                | 150    |
| Weight                                                      | kg                |        |

### **Set of carcon firebox:**

### **List of spare parts:**

1. Bottom
2. Bottom
3. Back
4. Side piece
5. Side piece
6. Deflector
7. Cast iron grate
8. Ashtray

For details see Installation and Service Instructions.
