GABRIEL

DUVEMÅLA

The clean lines inspired by Småland farms and small countryside houses make Duvemåla suitable for most interiors.

With its beautiful design and the soothing glow of the fire, a tiled stove creates a fantastic atmosphere in your home. Gabriel tiled stoves combine modern combustion technology with the ingenious design of the classic tiled stove. The end product is a fireplace with low emission levels and unbeatable efficiency.

Technical data

Article no. G350

CE marking: EN 15250

Height: 2290 mm (customised to your needs)

Weight: 1,300 kg
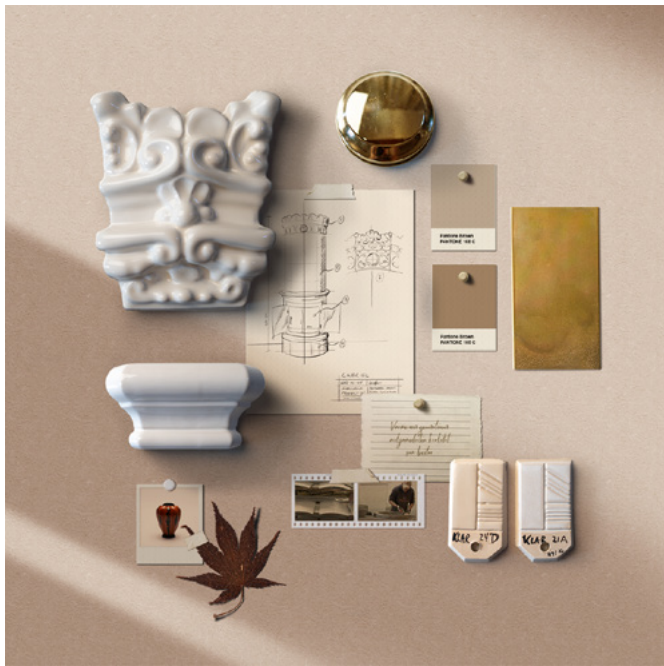

Diameter (base): 770 mm

Energy efficiency: 92.4%

Nominal heat output (kW): 4.5

Heat retention: Up to 24 hours

Connection: Rear or top flue connection

Duvemåla is manufactured by hand in Timmernabben and is one of a kind, custom-made for you.

The height, colour, decorations and materials can be customised to your preferences and the conditions of your home. Duvemåla comes with a hot-air cassette and brass hatches as standard.
