

STUDIO

Gabriel's STUDIO series has a shape that, coupled with well-harmonised glazing and trims, makes them a popular option in newly built homes.

The pleasant and slow heat release of the Studio stoves makes them extra well adapted to environmentally friendly low-energy houses. Invest in pleasant warmth and get a sense of fire and comfort into the bargain.

Technical data

Article no. G400, G410, G411, G412
